

Karamoja Prayer Requests – August 2005

Malaria: Rev. Joseph Lomongin recovered from his earlier malaria. Praise God and pray for everyone's health as there are still many mosquitoes in the area due to the surface water.

Visit: Rev. Joseph Lomongin now has his visa and passport and will be visiting the UK from 26th August to 27th September. Joseph will be visiting several parishes in the Alton Deanery. He will also be visiting Anthony and Sheila Harman, whom he has know for 13 years and who visited him in Karamoja last year. Anthony would welcome our prayers for his current illness of Myeloma.

Archbishop: The Archbishop of Uganda is planning to visit Karamoja from 5th to 11th of August. He will be assessing whether or not to split Karamoja Diocese into two. In the past, visits such as this have been cancelled due to insecurity. Violence has made it difficult to travel to the new archdeaconries which need contact as much as anywhere else, if not more so. Please pray for security throughout Karamoja so that the visit may go ahead, including trips to the new archdeaconries. Pray also that God would give Rev. Joseph Lomongin wisdom and guidance as he organises the visit.

Joseph Abura: Please pray for Joseph as he finishes his research paper. He has also been working with the government, interviewing civil servants as part of a restructuring programme.

DTC: There will be a commissioning meeting for new students at the Diocesan Training Centre, Lotome. Please pray for God to call those He wants to study there. Pray also for their families.

Disarmament: There has been an exchange of fire between the warriors and the Ugandan army. The army have the unenviable task of disarming the Karamajong in an effort to reduce the levels of violence. Please pray for the innocent civilians who have been suffering because of the clashes.
