

## **Karamoja Prayer Requests - September 2005**

**Future of the Diocese:** The Provincial Verification Committee will visit the diocese in the next few weeks. Please pray for their safety as they travel to, from and around the diocese. Pray also for all those making decisions about whether to split the diocese into two.

**Diocesan Admin Block in Moroto:** This is now up to ringbeam level and further funds for the roof and interior. Please pray for this project which will be a great boost to the running of the diocese.

**Pastors:** Please pray for all the clergy, especially Rev. Simon Aisu who has had to leave Amudat and the archdeaconry due to the situation there and return with his family to their home town. Pray for reconciliation between all those concerned and also for Simon's future placement.

**Joseph's Visit:** Please pray for the remainder of Joseph's visit to the UK. Pray for the time he spends with people, the talks he will give to various groups and for the Karamoja supper. Pray also for his family as they await his return.

**Harvest:** Please pray that the crops in Karamoja will continue to grow and provide an adequate harvest later this month.

**Diocesan Training Centre:** In October the current DTC students will be graduating and the next course will start. So far, 14 people have applied. Please pray for wisdom and guidance for all those involved in the selection process. Pray also for the applicants and their families.

**Security and disarmament:** Resistance to the government disarmament programme is still causing problems. Please continue to pray for peace and the success of the disarmament.

**Rev. Mark Angella's son:** Please pray for Awas Kinase who has had his certificates and university application papers stolen. Please pray that they may be found and returned to him swiftly.
