

## **Karamoja Prayer Requests - October 2005**

**Joseph's Visit:** Thank God for Joseph's visit and safe return to Karamoja. Please continue to pray for his children who were ill while he was away. Pray also for Joseph's wife, Rebecca, as she juggles caring for young children with her work at the local market.

**Security:** Rev. Mark Angella has told us of two raids in September: one in Sakale; the other in Kanagano. Two men were killed and many more injured. Livestock were taken. Please pray for peace in these areas and comfort for those affected.

**Future of the Diocese:** The Provincial Verification Committee has now visited the diocese to make its assessment about splitting it into two. Please continue to pray for guidance for all those making this decision.

**Diocesan Admin Block in Moroto:** Funds have now been raised to add the roof to the new admin building. Please pray for this project which will be a great boost to the running of the diocese.

**Pastors:** Please pray for all the clergy, especially Rev. Simon Aisu who has had to leave Amudat and his archdeaconry for various reasons. Pray for reconciliation between all those concerned and also for Simon's future placement.

**Harvest:** Please pray that the crops in Karamoja will continue to grow and provide an adequate harvest.

**Diocesan Training Centre:** The current DTC students are about to graduate and the next course will start soon after. So far, 14 people have applied. Please pray for wisdom and guidance for all those involved in the selection process. Pray also for the applicants and their families.

**Rev. Mark Angella's son:** Awas Kinase will be able to go to university now that a donation has enabled his education certificates to be re-issued.
