

Karamoja Prayer Requests - March 2006

Future of the Diocese: The Archbishop and the Provincial Standing Committee have decided to split Karamoja into two diocese. This will happen later on in the year. Please pray that God will guide and encourage all those involved in this process.

Staff Roles: The posts of Mission Co-ordinator and Youth Worker have been merged. The Rev Caleb Omwony will fill both of these posts. Please pray that God will equip and guide Caleb in this role.

General Election: The Ugandan general election took place on 23rd February and president Museveni was re-elected. The elections took place peaceful in Karamoja although there were some protests in Kampala as the results have stirred strong feelings. Pray that there will be reconciliation between those who are rejoicing and those who are disappointed with the result.

Bishop Peter Lomongin: Bishop Peter is unwell at the moment and is recovering from Malaria. Please pray that God will strengthen him and bring him back to full health. Please also pray that God will be particularly close to Bishop Peter during this time of change for the diocese.

Diocesan Training Centre: Last term 3 students studied at the DTC and more students have joined this term. Please pray that God will guide and encourage all those who study and work at the DTC. Pray particularly for Florence who is the first and currently the only female student.

Rains: These are expected towards the end of this month and in April. At present the ground is hard and dusty and the weather has been dry and windy. Please pray that God will provide enough rain so crops can be planted and grow.

Parish Priests: Please pray for the parish priests throughout Karamoja, many of whom cannot afford to send their children to school. It is hard for them as other jobs would pay a better salary. Pray that God will encourage and strengthen them in their roles and provide for their needs.
