

Karamoja Prayer Requests - May 2006

Future of the Diocese: Two candidates have been put forward for the post of Bishop of the new Northern Diocese. The appointment committee will make a decision on 22nd May. Peter Lomongin is to retire in early 2007, once the new Northern Diocese is established. His replacement has yet to be decided. Please pray for everyone involved.

Staff Roles: The Rev David Pedo, currently Education Secretary, is also acting as Chaplin to the Bishop. Please pray for David and also Joseph Lomongin, as their workload has increased while the Bishop has been ill with malaria.

David is also hoping to spend some time with the book keeper on 8th May to assess the situation regarding the record-keeping and reporting for the diocesan accounts. Please pray that progress would be made in this sensitive area.

Crosslinks: The General Secretary of Crosslinks, Andy Lines, will travel to Karamoja on 17th May. He hopes to visit Joseph Lomongin, Nelson Owilli, Mark Angella and David Pedo. He will also visit Bishop Peter in Kampala. Crosslinks are deciding on their future level of support for Karamoja. Please pray for Andy's visit and for wisdom for those deciding about the future of Crosslinks' support.

Poultry Project: The Mothers Union is planning to set up a self-sustaining poultry project to improve nutrition amongst the children. The project will operate in Kotido where the eggs and produce can be sold. A recent concert raised over £400 for the cause. Please pray for the success of the project.

Rains: Praise God for the continued rains in the Labwor, Nakapiripirit and Namalu regions of Karamoja. The crops which were planted are now growing to the point that they can be weeded, which is encouraging. Pray that the crops will continue to flourish and provide a good harvest later in the year.

Security: More vehicles have been ambushed on the roads in various locations. Please continue to pray for the safety of all who carry out God's work in Karamoja as they travel from place to place.
